TO WHOM IT MAY CONCERN

This is to confirm that Mr Terry Mitchell was on board the Achille Lauro on Cruise 13.

Terry performed as "PATCHWORK THE CLOWN" entertaining children with his magic, balloon modelling, music and funny clown antics.

Terry worked exceptionally hard and proved extremely popular with both children and adults on board.

His activities and performances were wide and varied and very pleasing to all ages.

When not entertaining the children on board Terry acted as a host in various adult activities and again excelled in this area.

I would have no hesitation in recommending him to any similar position on board any cruise ship and I wish him all the best in the future.

Yours sincerely,

**Miss Lindsay Fielden

TO WHOM IT MAY CONCERN

As Theatrical Agents and Entertainment Consultants specialising in the cruise ship industry, we have used the services of **Mr Terry Mitchell** as both a **musician/vocalist entertainer** and as "**Patchwork The Clown**" on board the "**ACHILLE LAURO**" and "**FAIRSTAR**" cruise ships.

Terry is an extremely talented musician, vocalist and childrens entertainer. He received glowing endorsements from the Cruise Directors of both ships for his excellent professionalism and rapport with both children and adults.

Terry first worked on board "**FAIRSTAR**" in November 1985, and was immediately booked to return. We have used his services ever since!

We are pleased to recommend **TERRY MITCHELL** to any prospective employer and wish him well in the future.

TO WHOM IT MAY CONCERN

Mr Terry Lindsay was first engaged by our company in June 1996 for a 5 week contract on board "Leisure World" a cruise ship based here in Singapore.

"Leisure World" cruises to Indonesia, Malaysia & Thailand.

We were so happy with his performance that we brought him out again for 9 weeks the following November.

Terry is an excellent musician playing both guitar & piano/keyboard.

He has an excellent vocal ability as well as being a natural born entertainer.

We initially engaged Terry to perform as a musician at night and to do a childrens show during the day but due to his versatility we were able to produce other events such as the an "Elton John" impersonation and a Christmas show with a singing Santa Claus.

I am very happy to of had Terry working for us and would highly recommended him to any future employers.

Yours faithfully.
